Informed Sam Crosby, House Appropriations Committee staff, of the Director's desire to push back his appearance to the following week. Mr. Crosby indicated they also had problems and possibly the Chairman might wish to call the Director directly. The Director was advised of this.

Later in the day, however, Crosby called and inquired if the Director would, as far as possible, hold open Monday through Wednesday of next week - 2 through 4 February. Crosby stated he would let us know firmly by the end of this week.
